**Latest News:**

**Home Away from Home Fund:** Detachment provided **3 nights** of lodging for the mother of an injured Navy Corpsman.

*Blog entry from Michael Fredette: We have a Navy Corpsman at PCMH. He was a passenger in a vehicle accident with a deer. The family drove up from Florida and was out getting dinner. Presently they have told the family that the active duty member will be up here for 10 days to 2 weeks. The family had already made arrangements with a hotel for a couple of days before they were told of our program. The Case manager from PCMH contacted me and told me of the situation. I contacted Jason to let*

*him know and verify our contact with the Holiday Inn Express. The family accepted our offer for two nights and will be there on Thursday and Friday. I left some meal discount passes and will see if I can contact the family today. The military member is stationed at Cherry Point and has had a tour in Iraq looking after our Marines.*

**Marine Corps Ball:** Detachment 1186 Marines along with Marines from Rocky Mt. and Wilson Detachments celebrated the 233rd birthday of the United States Marine Corps. Michael Fredette was awarded the Marine of the Year Medal for our Detachment for his outstanding work.
